

DY30-6/DY30-6A

DIGITAL INSULATION RESISTANCE TESTER

- Two test voltages, measure insulation resistance up to 60G ohms
- AC voltage measurement to 600V and DC to 1500V
- Line Voltage detection to avoid defective
- Low resistance buzzer
- Data hold, auto range
- Low battery warning
- Complete with test wires, heavy duty nylon bag and six 1.5V AA batteries

MODEL	DY30-6	DY30-6A
Testing Voltage	500V/1000V(0%+10%)	500V/1000V(0%+10%)
