

Key attributes

Industry-specific attributes

Theory	Infrared Thermometer
--------	----------------------

Other attributes

Place of Origin	Guangdong, China
Brand Name	SMART SENSOR / OEM
Model Number	AT380
Accuracy	+ -2% or 2C
Temperature range	-32 °C to 380 °C (-26 to 716 °F)
Temperature range	-32 °C to 380 °C (-26 to 716 °F)
Repeatability	1% of reading or 0.1°C
Response time	500 mSec, 95% response
Spectral response	8-14 um
Emissivity	pre-set 0.95
Material	ABS
Color	Organge + Black
Ambient operating range	0 to 40°C (32 °Fto 104°F)
Relative humidity	10-95% RH noncondensing,@up to 30°C (86°F)
Certificate	CE FCC certification

Packaging and delivery

Packaging Details	Power: 2*1.5V AAA batteries Product Net Weight: 130g Product Size: 146*80*38mm Packing: Blister Standard Quantity Per Carton: 60pcs Standard Carton Size: 56*26.5*46cm Standard Carton Gross Weight: 10.36KG KGS
Port	Shenzhen

Supply Ability

Supply Ability	100000 Set/Sets per Month
